

Supports short delivery times and lower costs.

• Method of ordering:

material T (thickness) × A (length) × B (width) = number of holders

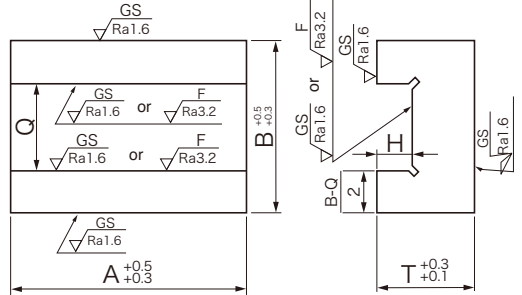

**Example**

Material	T	A	B	Q&H	No. of holders
SKS3	25	299	100	$\left\langle \begin{matrix} GS \\ F \end{matrix} \right\rangle$	=30

※Materials Handled

DC53, SKD11, SKS3, SK3, SPH40, S50C

※Please place all orders by using diagrams.

※Dimensions Q and H are available in two types: F and GS

**Dimensions of Each Part (reference)**

In mm

T		25	28	30	35	40	45	50
GS	$+0.3$ $+0.1$							
A		210	250	300	350	400	450	500
F	$+0.5$ $+0.3$			(Any length)				
B		100	125	130	150	180	210	250
GS	$+0.5$ $+0.3$							
Q		50	60	80	100	125	150	--
F	GS							
-0.3	-0.01			(Any width Q)				
-0.5	-0.03							
H		5	8	10	13	16	20	--
F	GS							
-0.3	-0.01			(Any depth H)				
-0.5	-0.03
